

DIRECTORATE GENERAL, NATIONAL SECURITY GUARD

PRESS RELEASE

NSG has initiated massive plantation drive to maintain/preserve/enhance greenery and forestation in Manesar Garrison and at the foothills of Aravali Ranges by planting 3,47,000 saplings of various native species and fruit bearing plants. This is in line with the target of 3 lakh saplings given by Ministry of Home Affairs to NSG, out of which 2 Lakh saplings were earmarked only for NSG Manesar Garrison.

The success story of massive plantation drive is attributable to the support from Forest department Haryana, Local bodies and Chennai based NGO "**BHUMI**". Under the leadership of Sh M A Ganapathy, Director General, NSG has prepared a Five years plan for planting various native species in an around Manesar Garrison to restore the Biodiversity in its original form.

Bhumi NGO has joined hands with NSG in plantation drive, water harvesting, waste management, cleanliness and spreading environmental awareness. To take the matter forward, NSG has signed MoU's with Bhumi NGO for bringing expertise and project implementation in a phased manner.
